Aside from pulling our hair out (sorry Paul, you may not be able to do that) - we re-instate the penalty that is being held in abeyance (\$67,500). I will try to call them again and let them know of the urgency to get this done.

Hi Lynn,

I still haven't received a replacement of the surety. Have you heard anything from the operator? Any suggestions on what we can do to move this forward? Thanks.
